

EXCURSION TO WALES!

Owl Sanctuary Festival Park

This park was established in 1998 for the rehabilitation of injured or abandoned wild owls, hawks and falcons!

You will be able to see birds of prey from all over the world, and even have the opportunity to handle them—if you're brave enough!

The Big Pit

Prepare to be lowered 90m down the Big Pit mineshaft for a fascinating underground tour around a coal mine!
