

# Quality Assurance Measurement and Procedures

## How does ELC Bristol measure quality?

ELC Bristol has always had a good reputation but it is not enough to just say that as it can lead to complacency. We really need to know how we are doing compared to how we have done in the past, to address areas that need to be improved and to look at new avenues for development and for taking the school forward.

The senior management team which is made up of the Directors, Principal, Vice Principal, Business & Finance Manager, Directors of Studies, Registrar, Accommodation Manager and Self-catering Manager meet formally twice a year to discuss the Quality Development Plan which forms the basis for discussion and points are reviewed, updated and added and time scales and goals are set. The QD plan provides a record of achievements and points which still need addressing and is rolled out to all members of staff. Senior managers also meet much more frequently in smaller groups to address specific issues.
